

WASHINGTON ASSOCIATION OF CONSERVATION DISTRICTS

---

**Resolution No: 2018-17**

**Title:** Conservation Impacts of Straw Removal and Transportation

**Problem:** The impact of straw removal and transportation on natural resource conservation is largely unknown.

**Recommendation:** WACD to work with WSCC, WSU, USDA Agricultural Research Service (ARS), and other interested parties to research and disseminate information on potential natural resources conservation issues related to agricultural biomass removal and transportation.

**Submitted by:** Palouse Conservation District

Approved by the Southeast Area Association on 10/23/18

Referred to the Natural Resources Committee

Recommended DO PASS on 11/26/18

Adopted as amended on 11/28/18
